

Platform trailer CP500-DRB/DROP/2850kg

(EC0181TI)

A multi-functional platform trailer with a strong construction and a smooth bottom. The aluminum borders that open down and can be removed allow the trailer to be used as a platform, for example, or to load goods conveniently and quickly from each side with a forklift.

The trailer is made of hot-dip galvanized sheet metal suitable for Nordic conditions. High-quality and light aluminum side profiles are easy to handle. User-friendly locks make opening and closing ports particularly convenient. The wheels are moved under the trailer platform to ensure maximum loading area. Small wheels ensure the lowest possible loading height and center of gravity. Waterproof hubs ensure a longer life for the bearings. The platform is equipped with strap loops to secure the load. In the lockable pockets under the trailer, you can carry ramps for loading mobile equipment or a car.

Upgrade your trailer with [accessories](#) for the best user experience.

Tehnilised andmed

Kasti laius (m):	2
Kasti pikkus (m):	5
Raam:	Welded
Täismass (kg):	2850*
Tühimass (kg):	735
Kandevõime (kg):	2115
Poordikõrgus (m):	0.35
Haagise pikkus (m):	6.59
Haagise laius (m):	2.07
Sild:	2 x torsion
Pidurid:	YES
Rehvid:	195/50 R13C 5 x 112 M+S
Laadimiskõrgus (m):	0.65
*Täismassi valik registreerimisel (kg):	1600, 1700, 1800, 1900, 2000, 2100, 2200, 2300, 2400, 2500, 2600, 2700, 2850
