

CLEARANCE SALE: Cargo trailer CS265-R

(EC0106TIL)

Primarily a light trailer for home use. It is ideal for household transport (for example, furniture, building material, plants and garden waste, etc.). The trailer is made of hot-dip galvanized sheet metal, suitable for northern conditions. Strong 2-groove side profiles increase trailer rigidity. Waterproof hubs ensure a longer life for the bearings. The cargo box is equipped with strap loops on the inside and hooks on the outside to secure the load. Strap loops are attached to the side posts of the trailer. In addition, the bottom of the trailer can be fully utilized in this way, and the fastening loops do not interfere with loading and unloading (e.g. bulk material).

NB! There are minor visual defects on the trailer, this does not affect the functionality. Ask for more information on tel. 530 00605 or come and see on site Kadaka tee 185, Tallinn.
