

CLEARANCE SALE: Cargo trailer CS270-L with plastic cover

(EC0194TIL)

Primarily a light trailer for home use. It is ideal for household transport (for example, furniture, building material, plants and garden waste, etc.). The trailer is made of hot-dip galvanized sheet metal, suitable for northern conditions. Strong 2-groove side profiles increase trailer rigidity. Waterproof hubs ensure a longer life for the bearings. The cargo box is equipped with strap loops on the inside and hooks on the outside to secure the load. Strap loops are attached to the side posts of the trailer. In addition, the bottom of the trailer can be fully utilized in this way, and the fastening loops do not interfere with loading and unloading (e.g. bulk material).
